
350A 600V Battery sightseeing forklift power connector, heavy duty 2 pole charging plug CT E0064

Product parameters:

Basic information:

Brand: GCT AUTO PARTS

Model: 50A, 120A, 175A, 350A

Color: gray, very color, blue, red, yellow

Interface material: copper plated silver terminal

Voltage: 600V

Size: 35x16x48mm (50A)

45x20x65mm (120A)

55x26x80mm (175A)

70x34x108mm (350A)

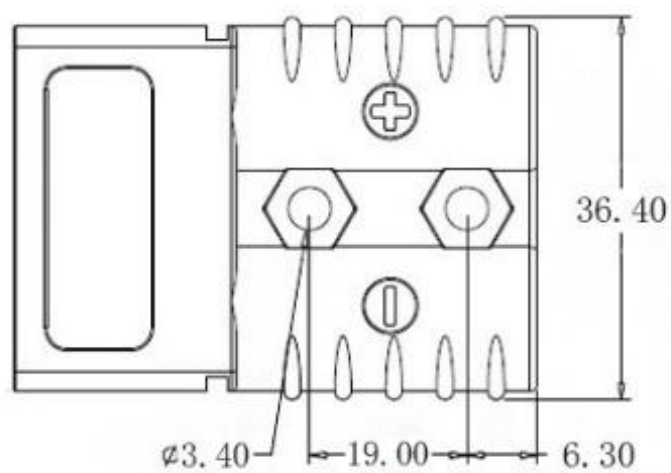

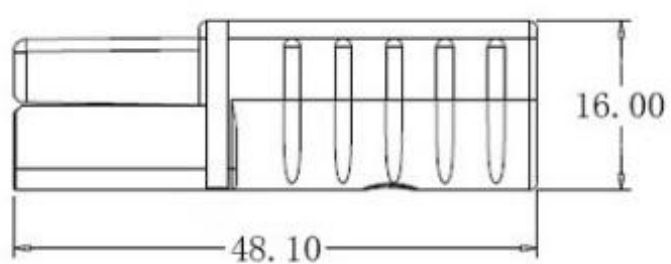

Widely used in: electric vehicles, sightseeing vehicles, battery forklifts, high current plugs, subway tunnels, electric bus UPS power supplies, solar battery connectors, inverter power connectors, etc.

Wiring specification:

	50A	120A	175A	350A
Cable Specifications(AWG American Standard)	6?8,10/12AWG	2,4,6AWG	4,2,1/0AWG	2/0AWG
Connection line specification(mm2)	2.5-16 Square	10-35 Square	10-50 Square	10-70 Square

Dimensional specification chart:

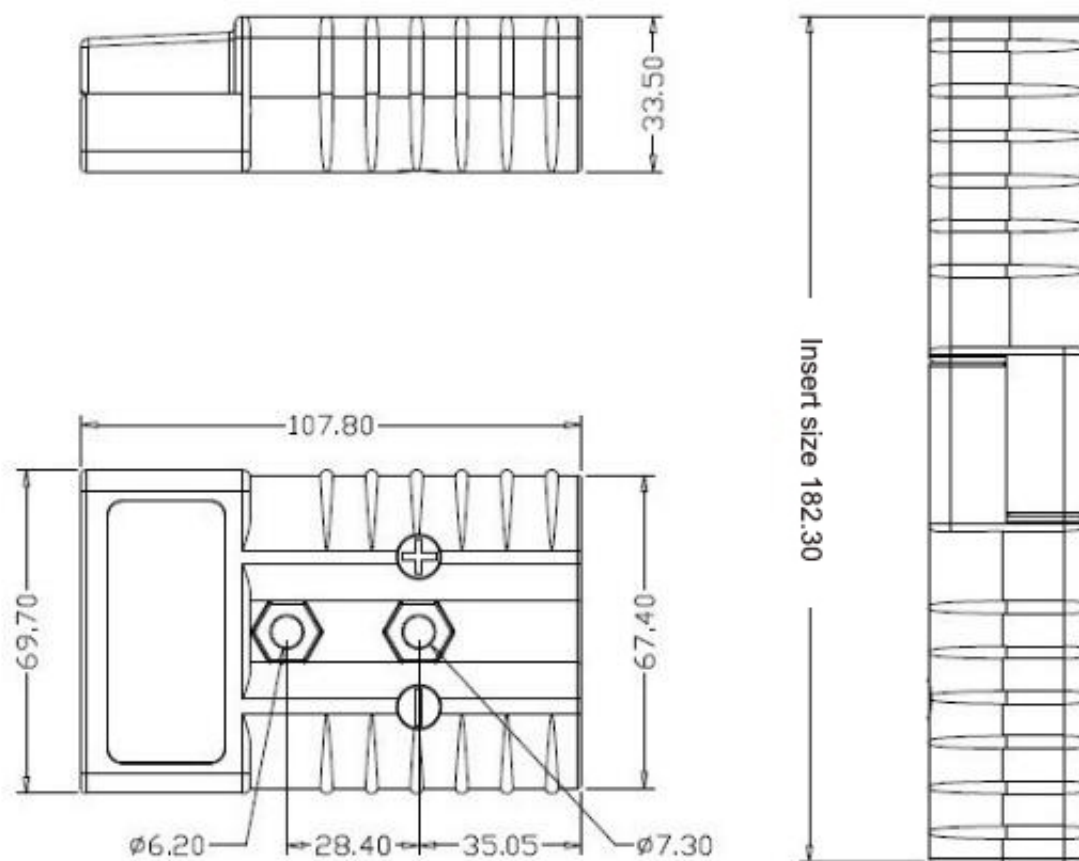

Parameter specifictation (50A)

Insert size
81.70

Parameter specifictation (350A)
